Dear Parent/Carer

ROAD SAFETY

The new school year has got off to a smooth start and I would to thank all parents for their support at this time. Our students have settled well and are working hard in their subjects.

The safety of our students is of paramount concern, particularly as they arrive and leave the Academy site in the mornings and afternoons. If it is not possible for your son to travel to and from the Academy on foot, bicycle or public transport, please would you help us to keep **all our students** safe in the roads close to the Academy by following the requests below:

- Drop your son near the shops on Park Avenue and ask him to walk the last few yards to school
- **Never** stop or park on the yellow zig zags outside the entrance. This is a motoring offence and these areas must be clear of traffic to keep students safe
- Please do not drive on to the Academy site to drop or collect unless you need to do so due to mobility issues for your son
- Please do not reverse or turn in the Academy entrance. This endangers students on their way to and from the pedestrian gate
- Please be considerate to our neighbours in Park Avenue when dropping and collecting. There is a large area for turning at the far end of the road.

Yours sincerely

Stephanie Newman
