

25th September 2017

Dear Parent/Carer,

Subject Intervention Day - 29th September.

As part of our continuing commitment to supporting all GCSE students with their impending examinations, we are using Friday 29th September specifically for Year 11 students. Your son will be studying the subjects where he currently is in need of additional support in completing his controlled assessment. The subjects that your son will be studying have been carefully selected by the senior leadership team to ensure that he accesses intervention in order to move rapidly toward his target grade.

Your son will get targeted help and support to extend and develop what he has been studying in class. This will be crucial for him to use in his final controlled assessment that will be submitted to the exam board. As you know, coursework no longer exists, students have terminal examinations and controlled assessments, so additional preparation during this day will prove to have a positive impact on your son's final grades in the summer.

Attendance on the day is compulsory from 8.45am - 1.00pm. Students are not expected to wear uniform and need to bring water and snacks with them.

For information, targeted intervention sessions will run over half term, the dates of which are on the school website and you will hear from me in due course regarding dates and times.

If you have any questions please do not hesitate to contact me. I look forward to welcoming your son on these days.

Yours faithfully,

Ms Bessa

Vice Principal
