

16th March 2017

Dear Parent/Carer

Subject focused revision

As part of our drive to support our students with their impending examinations, we are inviting all year 11 students to come into school during the Easter Break for specific and targeted GCSE intervention. Your son will be targeted directly by his teachers which will be based on where he currently is in need of additional support. However, he is invited to attend any revision session for subjects that he is currently studying. The timetable for revision is attached to the back of my letter.

During the session, the class teacher will deliver revision based on specific areas identified and offer targeted help and support to extend and develop your son with his revision. This will be crucial for him to use in his final exams in the summer. Examination preparation and key additional support days like this have been shown to have a really positive impact on grades in examinations.

Students do not need to be in school uniform on the day but they will need to bring a packed lunch if they are attending both sessions, including snacks, and stay on site and in the session until the finish at either 12.30pm or 3.30pm. In line with any school day, excellent behaviour is expected.

I very much look forward to welcoming your son to the academy for the sessions during the Easter Break.

Many thanks

Stephanie Newman
